

**From: The Journey Church Leadership Team**

Dear Church Family,

We are living in times where safety is a growing concern, both in our cities, workplaces, homes, and even in our places of worship. As the Leadership Team of The Journey Church, we have a responsibility to ensure the safety and well-being of all who attend our worship services and events. Achieving this goal requires a collaborative effort, not just from our Leadership Team, but also from local law enforcement and, most importantly, from each of you – our church family.

While we already take proactive measures to protect everyone who attends our services, there is always room for improvement. One crucial step is collecting information in advance to identify potential risks. By receiving this information early, we can take additional measures to prevent incidents before they escalate. For example, potential threats to harm others or situations where someone may attempt to remove a child from the premises without authorization can be prevented when we work together.

Unfortunately, many incidents could have been avoided if someone had spoken up before they occurred. Often, there are warning signs, and if shared with the proper authorities, these incidents could have been prevented.

This is where we need your help. If you become aware of any situation that may pose a risk to those attending our worship services or events, we encourage you to share that information with the Leadership Team. Armed with this information, we can respond swiftly and appropriately to prevent harm.

Please contact us via the email address or phone number listed below if you have any concerns or if you are aware of any potential risks.

As a community rooted in Faith, Love, and Hope, we trust that God will guide our efforts. We ask that you partner with us in keeping The Journey Church a safe place where we can gather in His name to worship, grow, and serve.

Thank you for your cooperation and support.

Blessings,

**The Journey Church Leadership Team**
